

For the use only of a Registered Medical Practitioner or a Hospital or a Laboratory

WETEYE[®]

CARBOXYMETHYLCELLULOSE EYE DROPS IP 0.5% w/v

COMPOSITION

Carboxymethylcellulose Sodium IP 0.5% w/v

Stabilized Oxychloro Complex (as Preservative) 0.005% w/v

Purified Water IP q.s.

INTRODUCTION

Weteye Lubricant Eye Drops provides soothing relief for dry eye. Weteye contains a unique, mild, non-sensitizing preservative that, when used, ultimately changes into components of natural tears (sodium chloride + water).

INDICATIONS

For temporary relief of burning, irritation, and discomfort due to dryness of the eye or due to exposure to wind or sun. Also may be used as protectant against further irritation.

DIRECTIONS

Instil 1 or 2 drops in the affected eye(s) as needed. If irritation persists or increases discontinue the use and consult your doctor.

WARNINGS

To avoid contamination, do not touch nozzle tip of the container to any surface. Replace cap after using. If you experience eye pain, changes in vision, continued redness or irritation of the eye, or if the condition worsens or persists for more than 72 hours, discontinue use and consult a doctor.

SIDE EFFECTS

When used as directed, no significant side effects are anticipated. Ocular irritation and allergic reactions have been reported occasionally.

PACKING

Weteye Lubricant Eye Drops are available in 10ml plastic dropper vials.

Storage Instructions :

Store in cool & dry place.

Protect from light.

Keep out of reach of children.

Use the solution within one month after opening the container.

For external use only.

INSTRUCTIONS FOR USE

 <p>1</p>	 <p>2</p>	 <p>3</p>
Rotate cap anticlockwise to break the seal.	The vial is now ready for use; turn it up side down. Squeeze the walls of the vial gently to deliver sterile drop into the eye.	Replace the cap. Tighten it firmly and keep the vial closed for subsequent use.
 <p>4</p>	 <p>5</p>	 <p>6</p>
Do not touch the nozzle.	Do not rinse the nozzle.	Do not expose to Sunlight.
